

Dennis G. Lee, Architect PC - AIA, LEED AP

2006 –Current ; Phoenix, Arizona ; 602) 620-3527

Website: www.dglarchitect.com (Recommend viewing website for portfolio of work & client testimonials)

Email: dglarch@msn.com

Objective:

To use my skills and experience to design, manage and produce meaningful and successful architectural projects.

Background & Qualifications:

Dennis Lee brings 30 years of experience working in Arizona and the Phoenix area on many building types including educational, automotive & commercial architecture. Dennis Lee has a passion for his work as he discovered architecture at age 10. By age 16, his ambition led him to working in an architectural office. He won first place in the VICA (Arizona Skill Olympics) state drafting competition during high school. He graduated in 1980 with a Bachelor of Architecture degree from Arizona State University & received his architectural License in 1983.

Dennis Lee's excellent design abilities have been a valuable asset to past firms as well as his own practice. He has excellent organization and job management skills. His attention to detail and ability to listen have produced projects on schedule and have minimized problems in the field. Dennis has worked in large and small firm environments and has managed studios / teams. Dennis's experience includes all phases of a project and has worked with all of the municipalities in the Valley. His interests in sustainability led him to LEED accreditation and the design and construction of his own green home in 2005. Dennis works well with others and enjoys mentoring younger professionals.

Skills include: AutoCAD with 16 years of experience. 3d modeling skills with Accurender and AutoCAD programs. Microsoft excel, word & publishing. Website design. Excellent sketching and rendering skills.
